

Booklist Top Ten Series

New York Public Library
Books for the Teen Age Selections

PROFILES IN SCIENCE is an ongoing series of biographies of the world's most important scientists. Unrestricted by nationality, gender, or era, many of the figures, such as Marie Curie, are household names, while others, such as Rosalind Franklin, are only recently beginning to get credit for their achievements.

SET INCLUDES FOURTEEN TITLES

Complete Set \$405.30
